OPPS P&C Association

Student State Representative Subsidy Guidelines

To recognise the achievements of our students at State level the P & C Association in 2015 will assist with the out of pocket expenses to families for students to attend these events. These payments will be made by cheque and will subject to the following guidelines:

Prior to payment of State Representative Subsidy the following is required:

1. Prior to the meeting the parent shall forward to the P&C Secretary receipts for out-of-pocket costs for consideration along with the completed application form (below).  
   NOTE: This is required as the P & C undergoes annual auditing and is accountable for all incoming and outgoing money.

2. Up to 50% of out-of-pocket costs associated with compulsory uniform and registration fees will be provided by the P&C to a maximum value of $100 per student per year.

3. The parent of the student representing the school in a school event at the state level is encouraged to attend the following P&C meeting after making application. At this meeting the subsidy cheque will be presented to the parent by the P&C executive.

NOTE: As we are a new school we are unfortunately unable to subsidise costs for teams representing at a State level. However the P&C will donate $100 to the team. The parents of the team are encouraged to liaise with the school directly to investigate other fundraising opportunities through the school.
